

Last week I wrote about how much we love Orlando. I also mentioned the big grand opening party being thrown by our Orlando dealer, Nautiques of Orlando on November 7th and 8th. Well, the party was awesome; it certainly exceeded everyone's high expectations.

There were hundreds of people at the event — around 300 were there Friday night alone. BT, Team Nautique wake skater, was spinning and everyone had a blast. Scott Byerly was there showing off his new Byerly Icon Edition 210 which everyone was crazy about.

There were a ton of people there Saturday too, with everyone enjoying lots of food and looking at the awesome '09 Nautique boats. The crowds required the Nautiques of Orlando team to go out a couple times during the day to get more food, but they certainly didn't mind.

Ralph Meloon was there greeting everyone at the event and signing books. People always enjoy seeing Ralph and he took time for everyone who wanted to spend a few moments with him.

Everyone at the event was also thrilled to see the spectacular new facility full of new '09 Nautiques and decked out with water sports toys by Performance Ski and Surf.

It was a great party and we are happy to have Nautiques of Orlando on our team. You can contact our new Orlando dealership via phone at (407) 425-BOAT (2628) or via website at <http://www.orlandonautiques.com>

At the party, I was reminded once again of the incredible loyalty of Nautique customers. If you are part of the Nautique family please know that we do not take you for granted. We have a bright future and we are excited to have so many wonderful people be a part of that future!

Enjoy the Nautique life!

Nautiques of Orlando Grand Opening

Unveiling of the Byerly Icon Edition
